The product's painted profile posts made of laminated timber are concreted into the ground using hot-galvanized metal tubular fittings.

A play centre with a roof, a small slide, and a platform with small set of stairs. A ramp with rungs leads to the higher platform. The two platforms are connected with a sloping bridge. A captain's helm, an abacus and a Tic-Tac-Toe game offer extra playing options, a toy ship can be sailed on one of the side panels. The side panels of the play centre can be switched for various activity walls or thematic printed panels (animals, birds, fish, trees, berries, etc.). The design of the panels will be finalised with the client during ordering.
