This play centre with five platforms offers a selection of diverse elements for many different activities. The centre can be accessed via ladders or a climbing wall with holes. A suspension bridge with moving steps, a net bridge, a crawl tunnel and a sloping bridge offer a way to move between the platforms. The play centre has three slides and a fireman's pole offer a handy way down. For role playing, the centre is equipped with a captain's helm, binoculars, a porthole, talk tubes, a seat for lying down, a clock learning panel and a Tic-Tac-Toe game. Two fun play corners with bench are hidden beneath two of the platforms, which can be fitted with either a kitchen corner or car dashboard elements. The side panels of the play centre can be switched for various activity walls or thematic printed panels (animals, birds, fish, trees, berries, etc.). The design of the panels will be finalised with the client during ordering.
